Re: Public Notice

Company:

Industrial Steel Construction, Inc.

FESOP#:

F089-5330-00161

Dear Mr. Seidel:

Enclosed is a copy of your Draft Federally Enforceable State Operating Permit (FESOP), Technical Support Document, calculations, and the Public Notice which will be printed in your local newspaper. This is a draft FESOP which must be final issued on or before December 13, 1996.

The Office of Air Management (OAM) has requested that the The Times in Munster publish this notice no later than Monday, November 4, 1996. You will not be responsible for collecting any comments, nor are you responsible for having the notice published in the newspaper.

Please review the enclosed documents carefully because they may contain estimates which have been applied to your source. Especially note the list of facilities and the substantiative facility requirements, particularly compliance monitoring, located in Part D of the draft FESOP. This is your opportunity to comment and notify the OAM of any corrections before the FESOP is made final.

If at all possible, the OAM requests that you comment on your draft FESOP during the first week of the 30-day public comment period, or as soon as practicable. This will provide us with the additional time necessary to consider any changes that you find might be needed. Questions or comments about the enclosed documents should be directed to Kerri Perrin, Indiana Department of Environmental Management, Office of Air Management, 100 N. Senate Avenue, Indianapolis, Indiana, 46206-6015 or at (317) 233-2627 or 1-800-451-6027.

Sincerely,

Janet Mobley Permits Branch

Office of Air Management
